Your supervisors are on the front line of your safety program and need basic safety know-how to keep employees focused on safety on a day-to-day basis.

This class covers the 9 Safety Essentials supervisors need to help them recognize and correct unsafe situations and behaviors and prevent loss of productivity and injury.

The class uses National Safety Council curriculum to cover these 9 must-know subjects for Supervisors:

1. Communication and Employer Involvement
2. Inspections
3. Incident Investigation
4. HAZCOM
5. Exposure Control
6. Electrical Safety
7. Warehousing
8. Machine Guarding
9. Fire Safety

Your supervisors are your eyes and ears where the work is happening. Make sure they have the knowledge they need to keep your safety program strong and effective.
