1

The average cost of a worker's death in 2006 was **\$1, 240,000.**

2

A disabling injury cost **\$39,000.**

3

Even an average motor vehicle collision cost **\$6,200** in property damage alone!

There are a variety of low cost, yet effective training options available to you through the Safety and Health Council of North Carolina. Because the NC Department of Labor encourages employers to provide defensive driving training to better ensure workplace safety and health, there is no better time to contact us!

National Safety Council's Defensive Driving Courses (DDC)

Since 1964 our Defensive Driving Courses have been the leader in driver improvement. DDC courses are taught by certified, experienced instructors in a multimedia classroom environment.

Featured Courses

DDC-4 Hour

This fast-paced program is ideal for employee orientation and refresher training. This course engages students in practical strategies for reducing collision-related injuries, fatalities, and cost. Course content include:

- 🌀 Driving Skills Inventory
- 🌀 Hazard Recognition
- 🌀 Backing
- 🌀 Aggressive Driving
- 🌀 The "Fatal Four" Cause of Crashes

DDC-4 classes are readily available at the Council's Charlotte and Raleigh offices. There are also 27 North Carolina Community Colleges across the state that are qualified to present this course to the public.

DDC-Professional Truck Driver (PTD)

Created for professional truck drivers by professional truck drivers, this course focuses on proven defensive driving techniques that avoid collisions and tickets. Course content include:

- 🌀 Backing
- 🌀 Driver fatigue, stress, and wellness strategies
- 🌀 Vehicle Inspections and proper maintenance
- 🌀 Test after each session encourages higher retention

DDC-Attitudinal Dynamics of Driving (8 Hour)

This course makes direct connection between driver's attitude and behavior behind the wheel. Students will see that the choices they make have very real costs - financial, legal, and personal - and to take responsibility for their action. Course Content Includes:

- 🌀 Connecting attitudes to decision-making
- 🌀 Recognize effective and ineffective decision making
- 🌀 Driver self-assessment profile
- 🌀 Traffic laws

DDC-ADD classes are readily available at the Council's Charlotte and Raleigh offices. There are also 12 North Carolina Community Colleges across the state that are qualified to present this course to the public.
