

CONSTRUCTION FORKLIFT TRAINING MATERIALS

Forklift Workshop for Construction™

Meet the latest OSHA regulations for operator training

This program provides everything you need to conduct a course on safe lift truck operation and maintenance; applicable to all employees, regardless of experience level. Participants will learn:

- ◆ Operating a forklift in a constantly changing environment
- ◆ Avoiding hazards on a jobsite

- ◆ Understanding combined center of gravity and the stability triangle
- ◆ Performing pre-operational inspections
- ◆ Reading load charts
- ◆ Keeping the forklift and the load stable
- ◆ Placing a load

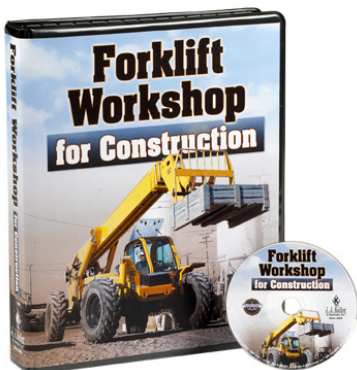

FACILITATOR'S KIT

Product: JJ-326-DVD (English)

Product: JJ-326-DVD-S (Spanish)

Cost: \$365.00 each

Helps trainers meet the formal, practical, evaluation, and refresher training requirements of OSHA's 29 CFR Section 1926.602(d) and 1910.178(1). It reinforces learning using hands-on practice tools, exercises and learning activities. Kit includes:

- (1) 30-Minute DVD
- (1) Trainer's Guide
- (1) Trainer Tools CD-ROM (not sold separately)
- (1) Awareness Poster
- (1) Certificate of Classroom Training
- (1) Certificate of Operational Evaluation
- (1) Wallet Card Sheet-perforated to provide 10 cards
- (10) Operator's Handbooks

OPERATOR'S HANDBOOKS

This handbook allows operators to follow along during your training. Also serve as ready references on forklift safety after your training is complete.
