About the Class:

DDC-Alive at 25 is a four hour classroom training program for drivers ages 16-24. These are drivers who are at high risk. Participants learn on-the-spot defensive driving techniques, including state and local driving laws and regulations. They absorb practical, lifesaving information, including:

- Why young drivers often underestimate risk
- Techniques to maintain control in driving situations
- How to handle peer pressure
- How to stay cool with friends

Possible benefits of the Safe Driving Program

- Receive no insurance points
- Receive no drivers license points
- May not have to return to court
